Patient Bill of Rights

- All patients will be fully informed of their rights.
- The patient has the right to appropriate, considerate, and respectful care.
- The patient has the right to receive information necessary to give informed consent prior to the start of any procedure.
- The patient has the right to treatment with respect, privacy, and dignity.
- The patient has the right to reasonable continuity of care.
- The patient has the right to be given reasonable notice of anticipated termination of services or of plans to transfer to another provider.
- The patient has the right to discuss problems with the physician or the surgical procedure without fear of discrimination.
- The patient has the right to be fully informed of the practice's policies and procedures.
- The patient and the public have the right to honest, accurate, forthright information regarding the health care services provided.
